### Emerging Priorities 2009

Global Relations responds each year to partners' requests for financial assistance with new mission priorities and/or one-time events. Funds to meet these requests come primarily from Global Relations annual budget, but also from several historic Trust Funds and ongoing donations. In 2009, Global Relations core budget will send \$197,000 to partners in support of emerging priorities, including international theological student scholarships.

The following projects and events have been assisted thus far in 2009:
